This is a really wonderful Christian coloring book with very pretty designs. The artist, Denise Urban, has chosen many verses that really mean so much to me and, I'm sure to many others. The Old and New Testament verses are taken from a variety of translations, including: the ESV Bible (English Standard Version), the NIV (New International Version), the New King James Version, and the New Living Translation of the Holy Bible. The verses have been incorporated into the designs â "some of which seem to have been designed specifically for the verse. I'm not sure about some of the others but they are all very pretty and well done with many floral designs. The designs are

printed in a very nice gray scale from light gray to heavy black which is quite different from the standard coloring book and should make coloring in this one extra fun. The designs are printed on one side of a nice weight white non-perforated paper. All of the designs stop well before the binding, so cutting a page out or having the spine removed should not cause you to lose any of the designs. It also makes it easy to get to the far inside of the design when the book is kept intact. The binding is glued rather than sewn. All of my markers and gel pens bleed through the paper. My colored pencils go on really nice and cover well. I will probably be using pens and markers along with my pencils, so I will place a piece of heavyweight paper beneath the page I am working on to keep seeping ink from getting to the rest of the book.

I am in love with this coloring book!! It has 37 one page coloring pages in it with wonderful words of the bible on each page. I love how large the lines on in each picture, that way I can choose to either color with colored pencils, markers, or crayons. I also love how it's one sided so that way if I decide to color with markers it will bleed on the back of the page, and I don't have to worry about messing up the next coloring page. I highly recommend this book for all adults who love to color for relaxation and have a new Bible verse to read with every new picture you color. This was a Christmas Present from a friend.

The book itself and the pages are nice. The artwork inside looks like a lot of fun that a lot of people would enjoy overall. And there are some great bible verses. Pages are thick enough and have great detail. Overall, a great, positive and feel good fun adult coloring book that anyone would enjoy!

I purchased this and color the Psalms for my Mother, who is in a nursing home. I have some of my own and thought this would be a wonderful time filler for her and her friends.....they are having a wonderful time coloring and displaying they artwork......I would so recommend this to others who need to have a craft or just something to pass the time....thank you so much for these books and I am sure when the girls get done with these, they will want more!!!!!!

My granddaughter loves this book! She is nearly 15 and likes to color with me when I visit, but she has been coloring in this book even though I'm not there. She really likes the pages and the way she cab personalize them to suit her!

Why just send a card? Sending a person something that has a nice verse... and you just sign it.

Take time to color a page, write a note on it and send it to the person in place of a card. You will make their day, and they will smile and know YOU took time to do something just for them. Then you can COUNT your colored blessings!

Nice book with 37 pages to color. The pages are one sided which makes it nice if you are using markers and worried about some bleed through (which happens depending on the markers). Heavier paper than some books which is nice. The pages are NOT perforated. The artwork is primarily floral type reminiscent of the 70's flower power stuff with some peace signs on a few pages, so if you want to a blast to the past while taking in some scripture, this book is for you! Nice choice of scriptures. My complaint is the amount of use of black fillers in the drawings. I generally don't like coloring books that have too much black or other colors already added in the coloring page. I'm buying it so I can color it. The pages range from moderate to small detail, so some you definitely need to use either a sharp pencil or gel pen or very fine marker. Overall, not a bad book at all.

I got this book for my adult daughter, still single, and a great way to reinforce scripture in the mind. The first thing she said when she saw it, was the quality of the book, not just a coloring book, frameablepages, beautiful designs, this was definitely one of the best ideas I've had. My goal was to give hersomething else to do besides facing the phone, and it worked!! Once she starts, she doesn't stop. I recommend this as a gift to any daughter of any age.
