Customer Reviews

I received this journal as a gift and I initially thought it was purely a journal but I was incredibly happy when I got a chance to sit down with it and realized it also has the coloring pages! Being a bit of a journal addict, the design of this one fits right into the mold of my general journal preferences--Sturdy design, aesthetic appeal and decent quality paper. The cover of this journal seems to be fairly high quality and the elastic bind to secure it when you're not using it is of similar quality. The art on the journal has a gorgeous floral theme and is also one of the coloring pages you'll encounter inside the journal. The paper is a decent thickness and holds up quite well even when using gel pens. The journal is a perfect size to carry in a purse or bag, and also has a pocket built into the back for tucking away keepsakes. I would definitely recommend this to anyone!!

I've been looking and looking for a journal. This was perfect. Some coloring pages and a place to keep my notes. The paper is of a heavier weight and it's a well-made book.

Super cute journal. I bought this to use as a running journal/log. It has just enough pages to color to relax the mind. I especially like the few pages with the inspirational quotes on them!

This book is adorable!!! Love it
