A Pirate Looks At Fifty

Synopsis

For the millions of fans of Jimmy Buffett's music as well as his bestselling books, *Tales From Margaritaville* and *Where Is Joe Merchant?*, here is the ultimate Jimmy Buffett philosophy on life and how to live it. As hard as it is to believe, the irrepressible Jimmy Buffett has hit the half-century mark and, in *A PIRATE LOOKS AT 50*, he brings us along on the remarkable journey which he took through the Southern hemisphere to celebrate this landmark birthday. Jimmy takes us from the legendary pirate coves of the Florida Keys to the ruins of ancient Cartagena. Along the way, we hear a tale or two of how he got his start in New Orleans, how he discovered his passion for flying planes, and how he almost died in a watery crash in Nantucket harbor. We follow Jimmy to jungle outposts in Costa Rica and on a meandering trip down the , through hair-raising negotiations with gun-toting customs officials and a 3-year-old aspiring co-pilot. And he is the inimitable Jimmy Buffett through it all. For Parrotheads, for armchair adventurers, and for anyone who appreciates a good yarn and a hearty laugh, here is the ultimate backstage pass -- you'll read the kind of stories Jimmy usually reserves for his closest friends and you'll see a wonderful, wacky life through eyes of the man who's lived it. *A PIRATE LOOKS AT 50* is a breath of fresh air and a ingenious manual for getting to 50 . . . and beyond. From the Hardcover edition.

Customer Reviews

The simplest way to decide whether to read this book or not, is to ask yourself, "Do I like to read weblogs"? If the answer is "yes," then this is the book for you. This book is as described, a travel

diary based on a family trip with stops in the Caribbean and Central and South America.

Presumably, it is a time of reflection for Mr. Buffet, based on the fact that he is celebrating his fiftieth birthday. I wouldn't describe myself as a "Parrothead," but I do enjoy Jimmy Buffet's music a lot. When you enjoy something that someone else has created, you develop a curiosity about the person who created it. So it is with Jimmy Buffet - I wondered what kind of person came up with this music. This book seemed like the way to know a little more about him. While I did learn a bit about him, this book isn't really a visit to the deep, dark corners of Jimmy Buffet's soul. To be sure, he does talk about personal situations, such as his two marriages and wives, and the problems he has had to work through. Perhaps the most touching, and telling, is when he talks about his father. Also, this book fills in some of the background to his songs, and a song is more interesting to listen to when you have the inside story on it. But the main theme of the whole book is what a blast Jimmy Buffet is having. I must say that he appears to be living the life that suits him, and that brings him the greatest satisfaction. What more could anybody ask for? I hope that this is the truth, because it makes achieving one's dreams seem possible - an important idea for those of us stuck in a more mundane world. The most critical thing I can say about the book is that some people will see it as no more than a long brag by a rich, successful man.
