While the selection of paintings used on these cards is lovely, I was surprised to find some of van Gogh's most famous works omitted. No *Starry Night* or *Sunflowers*! This may have been a copyright issue, but if it wasn't it seems like a glaring omission. Anyway, the paintings that are represented are great, and the cards themselves look good too. They are perforated and pretty easy to remove from the book if you remove the staples in the spine. They are surprisingly thick and sturdy for the price and for being postcard book cards. I will be happy to be sending these to friends and pen pals.

Contained in this set of six postcards are: *Self-Portrait in Front of an Easel* (1888), *Portrait of Patience Escalier* (1888), *La Mousme'* (1888), *Vase with Irises* (1890), *The Bridge at Langois* (1888), and *Cafe' Terrace at Night* (1888). These are tear-out postcards in a small book. I like the fact that they are an appropriate size to send with U.S. postcard postage; larger postcards require U.S. letter postage. For best results, tear carefully and then trim the perforations off with an X-Acto or similar cutting tool.

Beautiful normal size postcards of Van Gogh, perfect for anyone and any occasion really. Strong material for image and great for writing on the other side. You must notice, it doesn't have the lines ready so you have to make them yourself (no problem ;)). Very happy with this package.

I guess I should have read the reviews for these cards. They don't look like postcards on the back, and I'm worried about putting them in the mail. The back is just white, with no split down the middle, and they are a significantly different shape and size than standard postcards.

I love Van Gogh, but these are definitely not the works one would expect. Probably the only ones that were copyright free. Several of the cards are portraits, and I'm not a fan of his portraits.

Really. Who could NOT adore these postcards? They are simply perfect. Any fan of Van Gogh (or even just an art fan) will go bananas over them.

I had expected to be able to put these in picture frames for my children but the actual artwork is very small. There is a lot of white space on each of the pages. Still a great learning tool.

Great price for a few prints! I laminated mine and am using them to give to students for inspiration for their own art. These will last years! Great investment! I bought several different artists.
