## Customer Reviews

I thoroughly enjoyed this book. I have followed Stephan on social media for a couple of years but not had the pleasure of getting his books until now. I purchased the audible version but will also be reading it and replaying the audio again. He touched on some issues which really resonate with me as a single woman of God who is abstinent. To be honest, I often say I am in waiting but seriously by putting myself in a waiting process--I may have unknowingly limited myself from meeting potential Godly men for courtship. Also, my shyness with men can get in the way of developing a steady association let alone a friendship. I was raised old fashioned and it makes me feel strange to even greet a man I do not know...because I don't want him thinking I am thirsty (its based off my past experiences). I'm an all or nothing type. My assumption was because I was not willing to have sex before marriage that it was a major barrier to me stabilizing relationships with men I dated and found very attractive with 'good resumes' as Stephan put it. Now, I am reassessing myself. I haven't

dated in about two years and do not want my 'prime' to pass by without considering the possibilities. The book could have touched more on developing yourself as a single woman but I think there are SO many books already out focused on that. It is imperative to hear a man's perspective on relationships and especially as they relate to our spirituality and well-being. Stephan is trying to connect to women who strongly desire marriage and feel they have did the right thing (in their hearts anyway) so why no man or God or no man at all? Lol, this book was a God send because it helped me realize I am blessed to be single and to NOT idolize marriage. I don't even care about a wedding anymore, the marriage is crucial!
