## Customer Reviews

Adult coloring books....this one is awesome! For real, does it get any BETTER!!!! I bought this one for my sister in law for her 30th birthday (which is just a funny gift to give someone on their 30th right?) I swear, we colored all night long! it was a crazy Saturday night!

I was absolutely overjoyed with the contents of this beautiful book. Page after page of wonderful, delightful illustrations for your very dear friend to color. I was eager to give this to my friend. Each page has a quote that, in conjunction with all the quotes in the book, sums up the meaning of friendship and the character of a true friend. My friend was delighted to receive this. I highly

recommend it.

Lovely book of beautiful, artistic coloring pages! I shared this as a gift for a friend who was in the hospital and in need of upliftment along with a creative outlet. Thanks for sharing this beautiful gift!

Great gift for a friends birthday. The pictures are beautiful, and the paper is high quality.

It's a very cute book...I am giving it to a friend as part of a gift. The reason it only got three stars is because when I received it, it was bent with a crease down the middle. I'm not sure whether or not it was done in packaging or if it was already damaged. I know it is only a coloring book and only around 7 dollars, but the point is that it was to be a gift and still will be, but it would have been a lot nicer if it were in perfect condition. I'm not going to return it because it isn't really worth it, but I'm not happy about it at all.

It's so cute and I love the quotes; I think my friend will love it :)

Bought 4 books for friends and they love them.

gave several of these as gifts
