## Customer Reviews

I'd give it zero stars if I could. There are no swears in this book whatsoever. They are just dirty insults. I didn't want dirty insults - I wanted swears. Also, every design is identical. What a waste. It was supposed to be a gift, but it's useless. I'm returning it.

This is the second book I purchased from the Swear Book line, and I have to say, I am more than pleased with these books. This author definitely knows how to make adult coloring fun, and the words in this book will make you laugh. However, since it is called the Swear Book, this book is not for kids, it is purely adult only fun!! I can't wait for more these books to come out!! A nice little bonus, you will be able to print out new pages weekly, when you subscribe to his mailing list, as well as, liking his FB page. You don't have to subscribe, but it is fun and exciting to get new sexy, funny, swear pages to color each week. Love this book and author!!

This is supposed to be a "swear" coloring book. Basically it's just dirty words but no real swearing. Not at all what I thought I was ordering based on the title. Very disappointed. If you want a coloring book with about 10 blank/wasted pages, and you love the word slut then this is the coloring book for you. I was looking for actual swear words.

I found this book to be very sexist in its "swearing." A lot of derogatory terms for female genitalia were used, but your classic swear words. When I looked at this on line, the "classic" swear words were shown. Not one of them were included in this book. Very disappointed. Wanted to give it to a

girlfriend who broke her arm, then broke her hip. In the back, I was told that I could also get 10 free downloads, so I went there hoping that those words were more to my liking. Website crashed and have never been able to get the downloads after three attempts. I would not recommend this product.

Very disappointed! Childlike artwork and ridiculous phrases like "cuddle whore" "sugar nuts" "sex kitten" "stud muffin" to name a few, No actual swear words. Also 10 of the pages are just advertising for the author and ALL pages have the swear book website boldly framed in the border of each image. I would return it but that will cost me \$4.98 DO NOT WASTE YOUR \$ ON THIS BOOK. I'm going to use the pages of this one as fire starter in the wood stove.

Good quality paper. Designs on one side so using felt pens gel pens no worries about accidentally coloring through. Good selection of swears ;) fun for stress relief

i am very disappointed in the book. The pages are very sparcely decorated and all with the very same theme. the drawings are very small and not very creative. I also found 6 or 7 empty pages, if i had wanted blank paper i would have ordered a sketch pad. Do not waste your money.

Let your secret naughty self make swearing pretty. Not for kids, but for those moments you want to say "Oh f@#k it, t and look around to see if you were caught. Kittens, puppies and all things cute. This is naughty but so very fun.
