I have been obsessed with mandalas for awhile. I've drawn my own, but really wanted more instruction. I've bought three books and was extremely disappointed in all of them. For one thing, all were too complex and dense. One was not actually about drawing mandalas at all. One had really confusing instructions so I couldn't proceed after a certain point. And the third was all about theory and psychology. I wanted clear instructions on how to DRAW mandalas. I stumbled onto Kathryn's 100Mandala website and was blown away by her YouTube videos. They made the process so simple. For the first time, I was able to understand Sacred Geometry mandalas, like the Seed of Life. Kathryn's new book seemed expensive, so I postponed purchasing it. But after going through her whole site and looking inside the book on , I took the plunge. It was worth every penny! This is a gorgeous book, packed full of practical information on HOW to draw mandalas. Not theory, but practical, easy to understand instruction ... on all kinds of mandalas! This book is EXACTLY what I have been seeking. Kathryn has a great gift as a teacher. She knows how to simplify complex material, such as math concepts, for creating certain types of mandalas. In this book, she teaches how to create a variety of mandalas and spiritual symbols step-by-step. Attached is my first attempt after reading the beginning instructions for a freehand mandala. [UPDATE: I am adding a second mandala I drew last night based on the instructions in Chapter 2. Note that I don't think I have ever gone this far in a How To art book. But following the instructions (and following the encouragement of Kathryn to add my own ideas) is making my heart sing!
